This tree is based on research by a present day descendant of this line coupled with my own additions to the later generations using available records (BMDs, Census Returns, MIs, Probates etc). The parents of the above John Marris may have been Roger & Esther Marrison (sic) but I have not had a chance to investigate this in the available Norfolk records.

This family was mainly provided by another Marris researcher. I have not been able to verify this family myself. The couple have proved hard to trace in the Census. If Stephen died 1902 in Warlingham, Surrey, as stated, then it is probably the same Stephen who appears in several Censuses working as a waiter at the Queens Hotel, 82 Church Road, Croydon, Surrey, as follows;

Henry Marris of 21 Nelson St. Norwich, Norfolk. d. 16 May 1939 at The Lodge, Bowthorpe Road, Norwich. £182. Admon. To; Gertrude Elizabeth Marris (Widow).

The GRO indexes show the death of Henry Marris, age 56, in June Qtr 1939 at Norwich Reg. District. This means he was born around 1882/3. This is supported by his age in the Census when a child in the household of his parents (see above). However, the GRO indexes don't show the registration of his birth (perhaps he was indexed under a variant spelling, such as Morris).

FreeBMD shows the marriage of Walter Marris in Sept Qtr 1886 at Norwich, Norfolk. This is presumably the same man but there is a problem identifying his bride. On the same marriage register page appears two females, but neither of them was Elizabeth. They were Martha Downes and Emma Hancey. A copy of the marriage certificate would be needed to determine which of these two were his bride.

The 1901 Census shows that Walter Marris was later married to Caroline. FreeBMD showed her as Caroline Wilson and that they married in Dec Qtr 1895. Walter's first wife must therefore have died (or did they divorce?) sometime between 1891 and 1895, but no record of her death has been located.

Walter and Elizabeth had the following children:

64 F i. **Ann Elizabeth Marris** was born in Dec 1888 in Norwich, Norfolk.

It is only a supposition that Annie Elizabeth, born Dec Qtr 1888, is the same child as "Annie" who appeared in the 1891 Census at 151 Adelaide St, Heigham, Norfolk (above).

65 M ii. **Walter George Marris** was born in Jun 1890 in Norwich, Norfolk. He died on 10 Oct 1917 in Godewaersvelde British Cemetery, Nord, France.

It is only a supposition that Walter George, born Jun Qtr 1890, is the same child as "Walter" who appeared in the 1891 Census at 151 Adelaide St, Heigham, Norfolk (above).

Walter married **Ellen M S Pleasants** in Jun 1913 in Norwich, Norfolk.

The evidence for this family started with the 1986 will of Cecil George Marris of 256 Bowers Avenue, Norwich, Norfolk. His date of birth was given as 15th July 1911. FreeBMD shows his mother's maiden name as Rowe. This helped locate the

parents marriage in June Qtr 1907. Then came the 1911 Census above which confirmed the name of the father and, based on his age in 1911, the identity of the father's parents.

FreeBMD only has one Marris marriage where the mother's maiden name was Rowe. FreeBMD then shows four births against that maiden name. Although they are some years apart, I have assumed they were all offspring of this couple.
